

# The most durable floor marking tape

SUPERIOR DURABILITY • EASY APPLICATION • HIGH VISIBILITY

## Superior Durability

Spend less time replacing damaged or worn lines for a better looking, more efficient facility.

- Withstands forklift traffic without tearing or lifting
- Low profile design minimises tears and scratches from skids, pallet jacks, etc.
- Rugged polyester with ultra aggressive adhesive

## High Visibility

Get the same visibility of painted floor markings – and pay less.

- High gloss surface shines like new paint
- Low-profile minimises debris build-up along the edges that occurs with thicker (extruded) floor tapes
- Surface resists marks and smudges and cleans up like new
- Available in a variety of high impact colours

## Painless Removal

Easily remove floor markings without damaging the floor or leaving adhesive residue.

- Does not chip and flake when being removed – comes off in one piece
- Clean removal without any unsightly adhesive residue or damage to the floor

## Easy Application

Quickly lay down smooth, straight lines – without the help of co-workers.

- Can be easily applied by one person working alone
- Stiff polyester with liner prevents tape stretching and reduces wrinkles and wavy uneven lines
- No special floor preparation required – just clean with common detergents

## Die-Cut Shapes

Use different shapes, colours and sizes for more effective, durable floor markings.

- Dashes, dots, arrows, footprints, and corner marks (L, T and + shapes)
- Longer lasting markings – Minimises the risk of damage and facilitates fast repair
- **Selected dashes, dots and arrows are pre-spaced on transfer tape, making it incredibly easy to lay down straight evenly spaced lines**
